The order (HEL 2017-001625 T 11 02 00) we have received regarding the floor of our storage located in Pakilantie 50, Helsinki, has been taken into account and following steps has been considered:

1. All floor area will be painted properly.
2. We will make sure that there will be no carpets.
3. The portion which has a water line under it, will be covered fully by steel sheets. Those sheets will be pinned into the floor.
4. All these steps are underway and will be done by the deadline.
